THIS CITY OF SAN DIEGO RIGHT OF ENTRY PERMIT (Permit) is entered into by and between **THE CITY OF SAN DIEGO**, a California municipal corporation (CITY), and **SAN DIEGO ASSOCIATION OF GOVERNMENTS (SANDAG) (PERMITTEE)**, to be effective as of January 3, 2015 (Effective Date), when signed by the parties and approved by the San Diego City Attorney as follows:

RECITALS

- A. CITY is the owner of certain real property (City Property) in Sorrento Valley adjacent to SANDAG's railroad tracks, specifically APNs 340-080-52 and 343-130-12.
- B. PERMITTEE desires to enter City Property for the purpose of revegetating a construction area recently occupied during the Sorrento to Miramar Double Track Phase 1 project.
- C. Under the applicable terms and conditions of this Permit, CITY desires to give PERMITTEE access to the City Property for the purpose of planting and maintaining vegetation that was disturbed by PERMITTEE during the railroad track expansion project (within APN 340-080-52) and for the maintenance and removal of a 2-1/2" temporary irrigation line (along the western edge of APN 343-130-12).

NOW, THEREFORE, FOR VALUABLE CONSIDERATION, the sufficiency of which is acknowledged, the parties agree as follows:

- 1. Permit Area. "Permit Area" shall mean, both jointly and severally, two portions of City Property located in Sorrento Valley, just west of I-805 and south of Sorrento Valley Road, and more particularly depicted in the attached **Exhibit A: Permit Area**.
- 2. Permit Use. "Permit Use" shall mean use of the Permit Area by PERMITTEE, on an exclusive basis, solely for the purpose of maintenance and removal of an irrigation line on the western edge of APN 343-130-12, and for access, revegetation, maintenance, monitoring and irrigation of the revegetation area on APN 340-080-52, in relation to the Sorrento to Miramar Double Track Phase 1 project. PERMITTEE will maintain and restore the Permit Area as required by this Permit. PERMITTEE shall obtain any and all related permits and comply with any and all applicable environmental laws, rules and regulations related to the Permit Use.
- 3. Right to Enter. Subject to the terms and conditions of this Permit, CITY hereby grants permission to PERMITTEE, its employees, agents, contractors, and invitees to enter upon the Permit Area solely for the purpose of the Permit Use.
- 4. Term. The term of this Permit (Term) shall be from the Effective Date to January 2, 2018.

5. Permit Fee. The Permit Fee shall mean a one-time, non-refundable permit processing fee in the amount of Seven Hundred Twenty dollars (\$720.00).
6. Rent. Rent shall mean monetary consideration to CITY in the amount of Zero dollars (\$0.00) for the entire Term.
7. Revocable License. This Permit is not a lease. It is a non-exclusive license to use the Permit Area for the Permit Use, and may be revoked at will by CITY, in its sole discretion: (a) immediately upon written notice delivered to PERMITTEE if PERMITTEE breaches or defaults any of PERMITTEE's obligations under this Permit, or in case of an emergency; or (b) upon thirty (30) days prior written notice delivered to PERMITTEE if for CITY's convenience. CITY shall not be obligated for any burden or loss, financial or otherwise, which may be incurred by PERMITTEE as a result of such revocation or the termination of this Permit.
8. CITY's Consent, Discretion. Whenever required under this Permit, CITY's consent or approval shall mean the written consent or approval of the Mayor of San Diego, or his or her designee (Mayor), unless otherwise expressly provided. CITY'S discretionary acts hereunder shall be made in the Mayor's discretion, subject to all applicable laws, rules, regulations and directives of competent governmental authorities.
9. Subcontractors. PERMITTEE shall provide to the CITY Contact a list of any and all contractors and subcontractors involved with the Permit Use, including name, address, email, fax and phone number. All construction work requiring a licensed contractor pursuant to the Contractors' State License Law (California Business & Professions Code sections 7000-7191, as amended) shall be done by contractors licensed within the State of California.
10. Governmental Approvals. By entering into this Permit, neither CITY nor CITY's City Council is obligating itself to PERMITTEE or to any other governmental agent, board, commission, or agency with regard to any other discretionary action relating to the Permit Area or PERMITTEE's use of the Permit Area. "Discretionary action" includes but is not limited to re-zonings, variances, environmental clearances, and all other governmental approvals.
11. Hazardous Materials. PERMITTEE shall not allow the illegal installation, storage, utilization, generation, sale or release of any Hazardous Substance or otherwise regulated substances in, on, under or from the Permit Area. PERMITTEE and PERMITTEE's agents and contractors shall not install, store, utilize, generate or sell any Hazardous Substance on the Permit Area without CITY's prior written consent. PERMITTEE shall, prior to initiating any operations, obtain all required permits from applicable regulatory agencies, including without limitation the San Diego County Department of Environmental Health, local fire agencies, the San Diego County Department of Weights and Measures, the San Diego County Air Pollution Control District, and the San Diego Regional Water Quality Control Board. Installing, utilizing, storing, or any other presence of a Hazardous Substance includes boxes, bags, bottles, drums, cylinders, above

or below ground tanks, equipment with tanks, or any other type of container, equipment or device which holds or incorporates a Hazardous Substance or hazardous waste.

- 11.1 Release. For all purposes of this Permit, a "release" shall include without limitation any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping or otherwise disposing of a Hazardous Substance.
- 11.2 Hazardous Substance. For all purposes of this Permit, "Hazardous Substance" shall mean any substance listed by the Environmental Protection Agency or the State of California as a hazardous substance, and all types of petroleum-related substances and their chemical constituents.
- 11.3 Remediation. If PERMITTEE's occupancy, use, development, maintenance, or restoration of the Permit Area results in a release of a Hazardous Substance, PERMITTEE shall pay all costs of remediation and removal to the CITY's satisfaction for unrestricted reuse of the Permit Area, and in accordance with all applicable laws, rules, and regulations of governmental authorities.
- 11.4 Removal. If PERMITTEE or PERMITTEE's agent has received approval and permits to store, utilize, generate or install, or otherwise bring Hazardous Substances to the Permit Area, PERMITTEE or PERMITTEE's agent shall remove all Hazardous Substances in any type of container, equipment or device from the Permit Area immediately upon or prior to the expiration or earlier termination of this Permit. CITY reserves the right to conduct inspections of the Permit Area and/or request documentation demonstrating the legal removal and/or disposal of the hazardous materials, wastes or other containers, equipment or devices from the Permit Area. PERMITTEE shall be responsible for any and all costs incurred by CITY to remove any container, equipment or device requiring disposal or removal as required by this provision.
- 11.5 Indemnity. PERMITTEE shall protect, defend, indemnify, and hold CITY harmless from any and all claims, costs, and expenses related to environmental liabilities resulting from PERMITTEE's occupancy, use, development, maintenance, or restoration of the Permit Area, including without limitation: (i) costs of environmental assessments; (ii) costs of regulatory remediation oversight; (iii) costs of remediation and removal; (iv) any necessary CITY response costs; (v) all fines, penalties or fees assessed by any regulatory agency; (vi) damages for injury to natural resources, PERMITTEE's officers, employees, invitees, guests, agents or contractors, or the public; and (vii) all costs of any health assessments or health effect studies.

If PERMITTEE knows or has reasonable cause to believe that a Hazardous Substance has been released on, from or beneath the Permit Area, PERMITTEE shall immediately notify CITY and any appropriate regulatory or reporting agency pursuant to California Code of Regulations Title 19 and any

other applicable laws or regulations. PERMITTEE shall deliver a written report thereof to CITY within three (3) days after receipt of the knowledge or cause for belief and submit any required written reports to regulatory or reporting agencies as required by regulation or law. If PERMITTEE knows or has reasonable cause to believe that such substance is an imminent release or is an imminent substantial danger to public health and safety, PERMITTEE shall take all actions necessary to alleviate the danger. PERMITTEE shall immediately notify CITY in writing of any violation, notice to comply, or notice of violation received or the initiation of environmental actions or private suits related to the Permit Area.

- 11.7 Environmental Assessment. Upon reasonable cause to believe that PERMITTEE's occupancy, use, development, maintenance, or restoration of the Permit Area resulted in any Hazardous Substance being released on, from or beneath the Permit Area, CITY may cause an environmental assessment under regulatory oversight of the suspect area to be performed by a professional environmental consultant registered with the State of California as a Professional Engineer, Certified Engineering Geologist or Registered Civil Engineer. The environmental assessment shall be obtained at PERMITTEE's sole cost and expense, and shall establish what, if any, Hazardous Substances have more likely than not been caused by PERMITTEE's occupancy, use, development, maintenance, or restoration of the Permit Area, and in what quantities. If any such Hazardous Substances exist in quantities greater than allowed by CITY, county, state or federal laws, statutes, ordinances or regulations, or require future restricted re-use of the Permit Area, then the environmental assessment shall include a discussion of such substances with recommendations for remediation and removal necessary to effect unrestricted re-use and in compliance with those laws or statutes, and estimates of the cost of such remediation or removal. PERMITTEE shall cause, or if PERMITTEE fails to do so within a reasonable period of time, as determined by CITY in its sole discretion, then CITY may cause, the remediation and/or removal recommended in the environmental assessment such that unrestricted re-use of the Permit Area and compliance with environmental laws and regulations are achieved, and PERMITTEE shall pay all costs and expenses therefor.
12. Noninterference. PERMITTEE shall not interfere with the CITY's use of, operations on, and activities on the Permit Area. PERMITTEE shall use such routes and follow such procedures on the Permit Area as shall result in the least damage and inconvenience to CITY, PERMITTEE, and other users of the Permit Area.
13. Property Damage. PERMITTEE shall pay, at its sole cost and expense, for any and all damage to the Permit Area and the personal property of CITY on the Permit Area, and the personal property of third parties on the Permit Area resulting from the Permit Use. PERMITTEE shall promptly repair and restore to its original condition all such property, to the satisfaction of CITY.

14. Signs. No signs may be displayed on the Permit Area without CITY'S prior written approval.
15. Maintenance of the Permit Area. PERMITTEE shall maintain the Permit Area, at PERMITTEE's sole cost and expense and to the satisfaction of CITY, in a decent, safe, healthy and sanitary condition. At the expiration or earlier termination of this Permit, PERMITTEE shall remove all irrigation lines from the City Property.
16. Security and Safety of Permit Area. PERMITTEE shall bear sole responsibility for the security and safety of the Permit Area during the Term relating to any work performed as authorized by this Permit or under the direction of PERMITTEE. PERMITTEE shall be responsible for the maintenance, cleanup, and securing of the Permit Area, as appropriate, immediately following each day's work to ensure security and safety. PERMITTEE shall comply with all applicable laws, rules, regulations and directives of competent governmental authorities, at PERMITTEE's sole cost and expense, with respect to maintaining the Permit Area in a safe and secure manner during the Term. PERMITTEE acknowledges that CITY has no obligation to provide oversight of the Permit Use or staffing or resources for the maintenance of the Permit Area during the Term.
17. Inspection. CITY may, at any and all times, enter and inspect the Permit Area.
18. Indemnification. PERMITTEE shall protect, defend, indemnify, and hold CITY, its elected officials, officers, representatives, agents, and employees harmless from and against any and all claims asserted or liability established for damages or injuries to any person or property, including injury to PERMITTEE's officers, employees, agents, contractors, invitees and guests, which arise out of or are in any manner directly or indirectly connected with this Permit or PERMITTEE'S occupancy, use, development, maintenance, or restoration of the Permit Area, including damages arising out of release of hazardous materials, and all expenses of investigating and defending against same, including without limitation attorney fees and costs; provided, however, that PERMITTEE'S duty to indemnify and hold harmless shall not include any established liability arising from gross negligence or willful misconduct of CITY, its elected officials, officers, representatives, agents and employees. CITY may, at its election, conduct the defense or participate in the defense of any claim related in any way to this indemnification.
19. Taxes. PERMITTEE shall pay at its sole cost and expense any and all taxes, charges, and use fees levied by any governmental agency against PERMITTEE or against any of the City Property as a result of PERMITTEE'S occupancy, use, development, maintenance, or restoration of the Permit Area. PERMITTEE acknowledges that this Permit may create a possessory interest subject to property taxation, and that PERMITTEE may be subject to the payment of taxes levied on that interest. PERMITTEE shall pay all such possessory interest taxes. PERMITTEE's payment for such taxes, fees and assessments shall not reduce any payment due CITY.

20. Encumbrances. PERMITTEE shall keep the Permit Area free from all encumbrances and liens of any nature which arise out of or are in any manner directly or indirectly connected with this Permit or PERMITTEE's use of the Permit Area. PERMITTEE shall protect, defend, indemnify, and hold CITY harmless from and against any and all such encumbrances and/or liens, and from and against any claim, liability, cost or expense, including without limitation all attorney fees and costs, relating to or charged against the Permit Area, including without limitation PERMITTEE'S failure or the failure of any contractor or subcontractor hired by PERMITTEE to pay any person or persons entitled to lien or encumber the Property pursuant to the California Civil Code.
21. PERMITTEE's Risk. PERMITTEE shall bear any and all risks and liability arising out of or in any manner directly or indirectly connected with PERMITTEE's use of the Permit Area and any damages to the improvements on, under, or in the vicinity of the Permit Area resulting directly or indirectly thereby.
23. Insurance. PERMITTEE shall not begin any work on the Permit Area until it has: (a) provided to the CITY, insurance certificates reflecting evidence of all insurance required below; however, the CITY reserves the right to request, and the PERMITTEE shall submit, copies of any policy upon reasonable request by the CITY; (b) obtained CITY approval of each insurance company or companies; and (c) confirmed that all policies contain the specific provisions required below. PERMITTEE's liabilities, including but not limited to PERMITTEE's indemnity obligations, under this Permit, shall not be deemed limited in any way to the insurance coverage required herein. Maintenance of specified insurance coverage is a material element of this Permit and PERMITTEE's failure to maintain or renew coverage or to provide evidence of renewal during the Term may be treated as a material breach of contract by the CITY. The PERMITTEE shall not modify any policy or endorsement thereto which increases the CITY's exposure to loss for the Term.
- 23.1 Types of Insurance. At all times during the term of this Permit, the PERMITTEE shall maintain insurance coverage as follows:
- a. Commercial General Liability (CGL). Insurance written on an ISO Occurrence form CG 00 01 07 98 or an equivalent form providing coverage at least as broad which shall cover liability arising from any and all personal injury or property damage in the amount of \$2 million per occurrence and subject to an annual aggregate of \$4 million.
