If PERMITTEE knows or has reasonable cause to believe that such substance is an imminent release or is an imminent substantial danger to public health and safety, PERMITTEE shall take all actions necessary to alleviate the danger. PERMITTEE shall immediately notify CITY in writing of any violation, notice to comply, or notice of violation received or the initiation of environmental actions or private suits related to the Permit Area.

- e. **Environmental Assessment.** Upon reasonable cause to believe that PERMITTEE's occupancy, use, development, maintenance or restoration of the Permit Area ("PERMITTEE's Operations"), resulted in any Hazardous Substance being released on, from or beneath the Permit Area, CITY may cause an environmental assessment under regulatory oversight of the suspect area to be performed by a professional environmental consultant registered with the State of California as a Professional Engineer, Certified Engineering Geologist or Registered Civil Engineer. The environmental assessment shall be obtained at PERMITTEE's sole cost and expense, and shall establish what, if any, Hazardous Substances have more likely than not been caused by PERMITTEE's Operations on, in, from or under the Permit Area, and in what quantities. If any such Hazardous Substances exist in quantities greater than allowed by city, county, state or federal laws, statutes, ordinances or regulations, or require future restricted re-use of the Permit Area, then the environmental assessment shall include a discussion of such substances with recommendations for remediation and removal necessary to effect unrestricted re-use and in compliance with those laws or statutes, and estimates of the cost of such remediation or removal. PERMITTEE shall cause, or if PERMITTEE fails to do so within a reasonable period of time, as determined by CITY in its sole discretion, CITY may cause the remediation and/or removal recommended in the environmental assessment such that unrestricted re-use of the Permit Area and compliance with environmental law and regulations are achieved, and PERMITTEE shall pay all costs and expenses therefor.

- 35. Storm Water Pollution Prevention Program.** PERMITTEE shall, at its sole cost and expense, comply with CITY's Storm Water Management and Discharge Control provisions codified in Division 3 of Chapter 4 of the San Diego Municipal Code, as may be amended, and any and all applicable Minimum Best Management Practice requirements, as defined in the CITY's Jurisdictional Runoff Management Plan, in performing or delivering services at CITY owned, leased, or managed property, or in performance of services and activities on behalf of CITY regardless of location.

PERMITTEE shall comply with the CITY's Jurisdictional Runoff Management Plan encompassing Citywide programs and activities designed to prevent and reduce storm water pollution within CITY boundaries as adopted by the CITY's City Council on July 1, 2015, via Resolution No. 309791, as may be amended.

PERMITTEE shall comply with each CITY facility or work site's Storm Water Pollution Prevention Plan, as applicable, and institute all controls needed while completing the services to minimize any negative impact to the storm water collection system and environment.

36. **Accessibility Assessment.** In accordance with California Civil Code section 1938, CITY hereby states that the Permit Area has not been inspected by a Certified Access Specialist (CASp).

Further, pursuant to California Civil Code section 1938(e), CITY is required to state: "A Certified Access Specialist (CASp) can inspect the subject premises and determine whether the subject premises comply with all of the applicable construction-related accessibility standards under state law. Although state law does not require a CASp inspection of the subject premises, the commercial property owner or lessor may not prohibit the lessee or tenant from obtaining a CASp inspection of the subject premises for the occupancy or potential occupancy of the lessee or tenant, if requested by the lessee or tenant. The parties shall mutually agree on the arrangements for the time and manner of the CASp inspection, the payment of the fee for the CASp inspection, and the cost of making any repairs necessary to correct violations of construction-related accessibility standards within the premises."

37. **Prevailing Wages.** California prevailing wage requirements apply to the Permit Use. PERMITTEE must comply with state prevailing wage laws, including, but not limited to, those requirements set forth in **Exhibit B – Prevailing Wage Requirements**, attached hereto and incorporated herein by this reference. If the Permit Use is federally funded, PERMITTEE shall comply with all applicable federal laws, including, but not limited to, minimum wage rates pursuant to the Davis-Bacon Act. Should there be any difference between the state or federal wage rates, including health and welfare funds for any given craft, mechanic, or similar classifications needed to execute the Permit Use, it shall be mandatory upon PERMITTEE, its contractors or subcontractors to pay the higher of the two rates.

38. **Waiver.** The property constituting the Permit Area is publicly owned and held in trust for the benefit of CITY's citizens. CITY's failure to insist upon the strict performance of any of PERMITTEE's obligations under this Permit, in one or more instance, shall not be construed as a waiver of any such obligation, and the same shall remain in full force and effect. CITY's waiver of a default shall not be a waiver of any other default. Any waiver of a default must be in a writing executed by CITY to constitute a valid and binding waiver. CITY's delay or failure to exercise a right or seek a remedy shall not be deemed a waiver of that or any other right or remedy under this Permit, at law, or in equity. The exercise of any particular right or the use of any particular remedy for any default shall

not waive the use of any other right or remedy for the same default or for another or later default. CITY's acceptance of any rents shall not be a waiver of any default preceding the rent payment. CITY's failure to discover a default or take prompt action to require the cure of any default shall not result in an equitable estoppel, but CITY may at any and all times require the cure of the default.

39. **Cumulative Remedies.** CITY's rights and remedies under this Permit are cumulative and shall not limit or otherwise waive or deny any of CITY's rights or remedies at law or in equity.
40. **Survival.** Any obligation which accrues under this Permit prior to its expiration or termination shall survive such expiration or termination.
41. **Joint and Several Liability.** If PERMITTEE is comprised of more than one person or legal entity, such persons and entities, and each of them, shall be jointly and severally liable for the performance of each and every obligation of PERMITTEE under this Permit.
42. **No Affiliation.** Nothing contained in this Permit shall be deemed or construed to create a partnership, joint venture or other affiliation between CITY and PERMITTEE or between CITY and any other entity or party, or cause CITY to be responsible in any way for the debts or obligations of PERMITTEE or any other party or entity.
43. **Entire Agreement.** This Permit constitutes the entire agreement between the parties and supersedes any and all prior understandings, representations, warranties and agreements between them pertaining to this Permit. Any modification, alteration or amendment of this Permit shall be in writing and signed by all the parties hereto. Each party represents and warrants that this Permit is binding upon such party in accordance with its terms.
44. **Counterparts.** This Permit may be executed in one or more counterparts, each of which shall be deemed to constitute an original, but all of which, when taken together, shall constitute one and the same instrument.
45. **Notices.** Any notice required or permitted to be given under this Permit shall be in writing and may be served personally or delivered by United States mail, postage prepaid, and addressed to PERMITTEE at PERMITTEE's Address for Notices, and to CITY as follows:

EXHIBIT B

PREVAILING WAGE REQUIREMENTS

By signing this Permit, PERMITTEE certifies that he or she is aware of the wage provisions described herein and shall comply with such provisions before commencing any work.

Pursuant to San Diego Municipal Code section 22.3019, construction, alteration, demolition, repair and maintenance work performed under this Permit is subject to State prevailing wage laws. For construction work performed under this Permit cumulatively exceeding \$25,000 and for alteration, demolition, repair and maintenance work performed under this Permit cumulatively exceeding \$15,000, PERMITTEE, its contractors and subcontractors shall comply with State prevailing wage laws including, but not limited to, the requirements listed below.

1. Compliance with Prevailing Wage Requirements. Pursuant to sections 1720 through 1861 of the California Labor Code, PERMITTEE, its contractors and subcontractors shall ensure that all workers who perform work under this Permit are paid not less than the prevailing rate of per diem wages as determined by the Director of the California Department of Industrial Relations (DIR). This includes work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work.

1.1. Copies of such prevailing rate of per diem wages are on file at the City of San Diego's Equal Opportunity Contracting Department and are available for inspection to any interested party on request. Copies of the prevailing rate of per diem wages also may be found at <http://www.dir.ca.gov/OPRL/DPreWageDetermination.htm>. PERMITTEE, its contractors and subcontractors shall post a copy of the prevailing rate of per diem wages determination at each job site and shall make them available to any interested party upon request.

1.2. The wage rates determined by the DIR refer to expiration dates. If the published wage rate does not refer to a predetermined wage rate to be paid after the expiration date, then the published rate of wage shall be in effect for the life of this Permit. If the published wage rate refers to a predetermined wage rate to become effective upon expiration of the published wage rate and the predetermined wage rate is on file with the DIR, such predetermined wage rate shall become effective on the date following the expiration date and shall apply to this Permit in the same manner as if it had been published in said publication. If the predetermined wage rate refers to one or more additional expiration dates with additional predetermined wage rates, which expiration dates occur during the life of this Permit, each successive predetermined wage rate shall apply to this Permit on the date following the expiration date of the previous wage rate. If the last of such predetermined wage rates expires during the life of this Permit, such wage rate shall apply to the balance of the Permit.

2. Penalties for Violations. PERMITTEE, its contractors and subcontractors shall comply with California Labor Code section 1775 in the event a worker is paid less than the prevailing wage rate for the work or craft in which the worker is employed. This shall be in addition to any other applicable penalties allowed under Labor Code sections 1720 – 1861.

3. Payroll Records. PERMITTEE, its contractors and subcontractors shall comply with California Labor Code section 1776, which generally requires keeping accurate payroll records, verifying and certifying payroll records, and making them available for inspection. PERMITTEE, its contractors and subcontractors shall furnish records specified in Labor Code section 1776 directly to the Labor Commissioner in the manner required in Labor Code section 1771.4.

4. Apprentices. PERMITTEE, its contractors and subcontractors shall comply with California Labor Code sections 1777.5, 1777.6 and 1777.7 concerning the employment and wages of apprentices. PERMITTEE shall be held responsible for their compliance as well as the compliance of their contractors and subcontractors with sections 1777.5, 1777.6 and 1777.7.

5. Working Hours. PERMITTEE, its contractors and subcontractors shall comply with California Labor Code sections 1810 through 1815, including but not limited to: (i) restrict working hours on public works contracts to eight hours a day and forty hours a week, unless all hours worked in excess of 8 hours per day are compensated at not less than 1½ times the basic rate of pay; and (ii) specify penalties to be imposed on design professionals and subcontractors of \$25 per worker per day for each day the worker works more than 8 hours per day and 40 hours per week in violation of California Labor Code sections 1810 through 1815.

6. Required Provisions for Contracts and Subcontracts. PERMITTEE shall include at a minimum a copy of the following provisions in any contract they enter into with a contractor or subcontractor: California Labor Code sections 1771, 1771.1, 1775, 1776, 1777.5, 1810, 1813, 1815, 1860 and 1861.

7. Labor Code Section 1861 Certification. PERMITTEE in accordance with California Labor Code section 3700 is required to secure the payment of compensation of its employees and by signing this Permit, PERMITTEE certifies that "I am aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this Permit."

8. Contractor and Subcontractor Registration Requirements. This project is subject to compliance monitoring and enforcement by the DIR. A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or enter into any contract for public work, as defined in this chapter of the Labor Code unless currently registered and qualified to perform the work pursuant to Section 1725.5. In accordance with Labor Code section 1771.1(a), "[i]t is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded."

8.1. A contractor's inadvertent error in listing a subcontractor who is not registered pursuant to Labor Code section 1725.5 in a response to a solicitation shall not be grounds for filing a bid protest or grounds for considering the bid non-responsive provided that
