Dear Marty Mumert,

PROPOSED COMMUNICATIONS SITE, Jack Murphy Stadium, 9449 Friars Rd.,

Pursuant to the Right of Entry Permit entered into on the 1st day of April 1996, I am pleased to announce that we have obtained the necessary planning and building permits to begin construction. The commencement date of the Initial Term is April 1, 1996. A check, number 1386, for the first monthly payment is enclosed. The first payment has been calculated from the commencement date, all subsequent rental payments will be made on the first day of each month and be sent from the PBMS Accounting Group. Please call our Property Manager, Ms. Barbara Hendricks on 510/227-3189 if you require any information regarding rental payments.

The building contractor appointed by PBMS to construct the communications site is Peck Jones. Their Construction Manager will be contacting you in the near future to arrange a date for a pre-contract meeting to take place in order to discuss the building program and agree to a date for the commencement of the building work. In the meantime should you require any additional information please do not hesitate to contact our Site Acquisition Representative, Mary Hamilton, on telephone number 619/496-4039.

Sincerely,

NETWORK DEPLOYMENT MANAGER

Re: Right of Entry Permit - San Diego Stadium

The City of San Diego ("City") hereby grants permission to PacBell Mobile Services ("Permittee") to enter upon the above-referenced City-owned property ("permit area"), as delineated on the attached Exhibit "A," upon the following terms and conditions:

1. Permittee's use of the permit area shall be limited to the installation and operation of P.C.S. digital communications cabinet(s) and placement of an antenna(s) in accordance with Exhibit A. The City reserves the right to use the remainder of the parcel as it deems fit. In the event such use will involve the placing of a structure on the parcel which will interfere with Permittee's operations, City will provide Permittee sixty (60) days prior written notice of such intended use.
2. Consideration to City for granting this permit shall be a \$360 non-refundable processing fee and a \$1,000 monthly permit fee commencing on the effective date hereof. Permit fees are payable at the office of the City Treasurer on or before the first day of each month. The first and last months' permit fees will be prorated as necessary to achieve payment on the first of the month. Payments postmarked or paid in person after the first of the month will be subject to a 5 percent late charge if 1 to 15 days past due, and to an additional 5 percent late charge if 16 or more days past due. In no event shall the late charge be less than \$25.

DIVERSITY
BRINGS US ALL TOGETHER

3. This permit shall be in effect upon execution hereof by City and Permittee and shall expire on February 28, 1999.
4. Permittee shall have the right to self insure the City against public liability and property damage to the value of \$1,000,000 for the duration of this permit. Evidence of such program of self-insurance shall be provided by a "Statement of Coverage" issued on Permittee's letterhead addressed to City.
5. Permittee agrees to defend, indemnify, protect, and hold the City, its agents, officers, and employees harmless from and against any and all claims asserted or liability established for damages or injuries to any person or property, including injury to Permittee's employees, invitees, guests, agents, or officers, which arise out of or are in any manner directly or indirectly connected with the development or operation of the permit area or the work and operations to be performed by Permittee, its employees, invitees, guests or agents under this agreement, and all expenses of investigating and defending against same; provided, however, that Permittee's duty to indemnify and hold harmless shall not include any claims or liability arising from the established active negligence, sole negligence, or sole willful misconduct of the City, its agents, officers, or employees.
6. Permittee agrees not to discriminate in any manner against any person or persons on account of race, color, religion, gender, sexual orientation, medical status, national origin, age, marital status, or physical disability in Permittee's use of the permit area, including but not limited to the providing of goods, services, facilities, privileges, advantages, and accommodations, and the obtaining and holding of employment.
7. All risks in connection with Permittee's use of the permit area and any damages to the improvements thereon, thereunder, or in the vicinity thereof shall be borne in full by Permittee to the extent attributable to Permittee's use.
8. Permittee shall not use the permit area in any manner which, in the opinion of the City Manager, creates a nuisance or disturbs the quiet enjoyment of persons in the surrounding area.
9. This permit is revocable at any time on ninety (90) days prior written notice by City to Permittee. It is mutually agreed that the City of San Diego shall not be obligated for any loss, financial or otherwise, which may be incurred by Permittee as a result of termination of this permit, and, further, that

Permittee expressly waives any claim for expense or loss which Permittee might incur as a result of termination of this permit.

10. Permittee recognizes and understands that this permit may create a possessory interest subject to property taxation and that Permittee may be subject to the payment of property taxes levied on such interest. Permittee further agrees that such tax payment shall not reduce any fee paid the City of San Diego hereunder and that such tax shall be paid by Permittee before becoming delinquent.
11. Permittee shall at its sole cost and expense comply with all the requirements of all municipal, state, and federal authorities now in effect or which may hereafter be in effect, which pertain to the permit area.
12. Upon expiration or earlier termination of this permit, Permittee shall at its sole cost remove all materials and repair and/or restore the permit area to its original condition, including any hazardous or toxic waste remediation, to the satisfaction of the City Manager.
13. Permittee shall not assign any rights granted by this permit nor any interest therein without the prior written approval of the City Manager. Approval of any such proposed assignment may be withheld in the sole and absolute discretion of the City Manager. Any assignment by operation of law shall automatically terminate this permit.
14. No signs shall be displayed on the permit area without the prior written consent of the City Manager.
15. Maintenance of the permit area shall be the sole responsibility of Permittee during the entire term of this permit.
16. Beginning with the second year of this permit, the permit fee will be adjusted annually as of March 1 to reflect any increase in the Consumer Price Index during the preceding year. The index used will be the CPI for "All Urban Consumers" for the Los Angeles/Anaheim/Riverside area. The index for February of each year will be used to calculate the increases. Permittee will continue paying the permit fee at the existing rate until notified of the new rate by the City. Permittee will then promptly remit the difference between the permit fees paid at the old rate and those due at the new rate.
17. This activity is categorically exempt from CEQA pursuant to State CEQA Guidelines, Section 15301.

Please acknowledge your agreement to the foregoing terms and conditions on the enclosed copy of this letter and return it to the City Real Estate Assets Department, together with your insurance certificate and check for \$1,000 made payable to the "City Treasurer," within 10 days from receipt hereof.

If you should require additional information or have any questions, please call
Martin Mumert, Property Agent, at 236-6727.

Very truly yours,

Mary Louise Groarke
