Subject: RE: T-Mobile: SD06909A - Sea Drift ROW - Modification Consent Request

Hi Enza,

Since the planner has confirmed that there'll be no review, would it be possible to have the consent signed?

Thank you,

Subject: RE: T-Mobile: SD06909A - Sea Drift ROW - Modification Consent Request

Hi Maria,

It sounds like T-Mobile's proposed work would be consistent with the most recent substantial conformance review from 2012, so I do not believe we need to review again at this time.

Alex

Subject: T-Mobile: SD06909A - Sea Drift ROW - Modification Consent Request

Hi Alex,

T-Mobile needs to upgrade the ROW light standard site at 5046 1/3 Ocean View Hills Pkwy to add VoLTE technology. The proposed scope of work is to add an equipment cabinet inside the underground equipment vault and replace the existing antennas with 3 new antennas (specs for the proposed model are attached). New antenna size is 56" H x 12" W x 8" D. Everything will be painted to match, per original permit. There will be no visual change to the existing site.

Are we required to submit it for planning approval? Real Estate department is requesting approved plans in order for them to sign the consent letter.

Thank you,

From: Charles, Enza [<mailto:ECharles@sandiego.gov>]

Hello Skip:

I will need a copy of the approved and stamped drawings, from Development Services Department (DSD) showing the proposed modifications/changes to the equipment, to attach to the Request for Consent letter.

Thanks,
