RE: Property located at 5510 Kiowa Drive San Diego CA 91942 Cascade No. SD34XC689

Dear Sir or Madam:

This letter is to advise you that it will be necessary within the near future for Sprint Nextel to make certain physical modifications to equipment within Tenant's premises at the Site. These improvements are being undertaken in order to ensure the continued technical and economic feasibility of Tenant's facility, and are needed for Tenant to make optimal use of the Site for the purposes intended by the Site Agreement. As described below, these modifications should have no significant impact on Landlord's property or operations. However, in accordance with the Site Agreement, Tenant requests that Landlord acknowledge notice of, and consent to, the following modifications:

Swap out of obsolete electronics cabinets, antenna and other equipment at the site. This may include replacement of cabling and mounting apparatus and the temporary redundancy of equipment within the leased area necessary for testing of the new equipment for up to 12 months.

Landlord's acknowledgement of notice and consent will not increase the size or amount of space being used by Tenant under the Site Agreement unless specifically stated above.

Please indicate your acknowledgement and consent by signing below and returning one copy of this letter to me at the address set forth above.

Thank you in advance for your prompt attention to this matter.

Regards,

Technology Associates

THE CITY OF SAN DIEGO

April 8, 2013

Approval Type: Substantial Conformance Review (SCR) to
Project #194781
Approval #795286 (NUP)
Expires: November 2, 2020

SCR Approval No.: 1013005
SCR Project Name: SD Water Plant- Kiowa Drive (ETDC Antennas) SCR
SCR Project No.: 288697
Site Address: 5510 Kiowa Drive, San Diego, CA 91942

The Development Services Department has APPROVED a Process 1 SCR for this project. The SCR was determined to be consistent with the objectives, standards, guidelines and/or conditions of the previously approved Permit.

The approved modifications include the removal of the existing Sprint Nextel antennas and replace them with five (5), six (6)-foot antennas (72" x 11.8" x 7.95") behind existing FRP screens, and the installation of ten (10) RRU's within the existing tower. The requested changes to the previously approved Exhibits "A" for this project have been determined to be consistent with the general intent, terms and conditions of the previous approval (identified above) as well as any other applicable regulations, development standards and guidelines of the Municipal Code in effect for this site. All applicable and relevant conditions and findings of approval as specified in the previous approval shall remain in full effect for this site, unless otherwise specified by the Development Services Department.

SCR Project No.: 307038
Site Address: 6508 Wunderlin Avenue

The Development Services Department has approved a Process 1 SCR for this project. The SCR was determined to be consistent with the objectives, standards, guidelines and/or conditions of the previously approved Permit.

The approved modifications include replacing the existing panel antennas with new panel antennas measuring 6' by 11.8" by 7.95" and adding a new H-frame mounted with six Remote Radio Heads (RRH's) in the equipment enclosure.. The requested changes to the previously approved Exhibits "A" for this project have been determined to be consistent with the general intent, terms and conditions of the previous approval (identified above) as well as any other applicable regulations, development standards and guidelines of the Municipal Code in effect for this site. All applicable and relevant conditions and findings of approval as specified in the previous approval shall remain in full effect for this site, unless otherwise specified by the Development Services Department.
