AMENDMENTS

January 30, 2013

Ms. Enza Morero
Real Estate Assets Department
The City of San Diego
1200 Third Avenue, Suite 1700
San Diego, California 92101

RE: Site Address: 200 Block Catalina Boulevard, San Diego (the "Property")
Site Name: Fort Rosecrans
Agreement: Consent for Modification to Addendum to City of San Diego Telecom Master Lease Agreement dated April 29, 2008 ("Lease") between The City of San Diego ("City") and Verizon Wireless (VAW) LLC, dba Verizon Wireless ("Lessee").

Dear Ms. Morero:

Pursuant to Section 1.6 of that certain City of San Diego Telecom Master Lease Agreement dated July 23, 2007 ("Master Agreement"), the City has the right to require relocation of Lessee's Premises (as defined in the Lease and Master Agreement). Pursuant to letters dated February 13, 2012, November 21, 2012, respectively and addressed to Lessee, the City has requested that Lessee remove and relocate its existing communications facility to a new permanent location at the Property with respect to its equipment area and related improvements, and to a temporary location for Lessee's antennas, all by February 28, 2013 (with Lessee to relocate its antennas and related appurtenances to a new, permanent location after the City's completion of certain improvements at the Property).

Pursuant to Section 9.4, Improvements/Alterations of the Master Agreement, "Lessee shall not construct any improvements, structures, or installations on the Premises (with the exception of equipment replacements or repairs) without CITY'S prior written approval." In order to comply with such requirement, Lessee hereby requests the City's approval to complete the work required to remove its existing Premises and relocate the same as shown in the attached Exhibit A ("Plans"). The City acknowledges and agrees that the Plans have been approved and stamped by the City's Development Services Department, Entitlements – Wireless Communication Facilities as of December 3, 2012.

Specifically, Lessee shall be permitted to relocate its existing equipment shelter to the location identified on the Plans, which location shall be the new permanent location of such equipment shelter and related appurtenances shown therein, upon the receipt of proper approvals and permits from the City in accordance with the City's Land Development Code ("LDC"). Lessee shall also be permitted to relocate Lessee's antennas to temporary locations on the Property as identified on the Plans. City and Lessee agree to document the permanent relocation of Lessee's equipment shelter, antennas and related improvements, once the locations are finally determined and proper permits and approvals are obtained in accordance with the City's LDC.

If the above meets with your approval, please either (i) have an authorized City representative sign below, or (ii) provide an alternative written "approval" as City reasonably deems appropriate. Upon the City's signature, please return to the following address:

Mr. Brent Helming
PlanCom, Inc.
302 State Place, 2nd Floor
Escondido, California 92029

Please contact Mr. Brent Helming of PlanCom, Inc. at (760) 533-6065 should you have any questions or require additional information. Thank you for your assistance in this matter.

Sincerely,

Verizon Wireless (VAW) LLC,
dba Verizon Wireless

San Diego, CA 92101

Re: Verizon Wireless – Fort Rosecrans Temporary Relocation
209 Catalina Boulevard

Dear Ms. Lynch-Ashcraft:

Attached for your review is the Temporary Use Permit application illustrating Verizon Wireless' proposed temporary antenna and equipment locations in response to the proposed water tank construction project on the above referenced property. Verizon Wireless is proposing to remove their existing monopine and equipment shelter to avoid conflicts with the City's water tank construction efforts. In order to maintain wireless service in the area, Verizon is proposing to temporarily relocate their antennas from the monopine onto two (2) existing wood utility poles (one located on the north side, and one located near the southeast corner of the property) and to move their equipment from the southern boundary of the property to the southeast corner. Verizon Wireless believes that the proposed temporary relocation is in compliance with its existing NUP and CUP Nos. 370761 and 430522, respectively.

In order to meet the City's proposed construction schedule, it is imperative that the City expedite the review of the Temporary Use Permit as well as the Building Permit which Verizon intends to submit within the next two weeks.

Removal of the existing facility and construction of the temporary facility is expected to begin as soon as the building permit is issued. The equipment and antennas will remain in the temporary location until the construction of the water tank and a new Verizon Wireless facility are completed.

If you have any questions, please contact me directly at (949) 290-9678.

Sincerely,

Carver Chiu
Representative for Verizon Wireless
