LICENSEE further agrees to defend LICENSOR, it parents, subsidiaries, affiliates, their agents, officers, directors, advisors and employees from all suits, actions or proceedings brought by any third party against them, for which LICENSEE would be liable or be alleged to be liable hereunder. These indemnity obligations shall include reasonable attorneys fees, investigation costs, and all other reasonable costs incurred by LICENSOR from the first notice that any claim or demand is to be made or may be made.

9. Alterations: LICENSEE will not make any alterations, additions, or improvements to the Facilities or the Premises without LICENSOR'S prior written consent, which consent LICENSOR can reasonably grant or withhold in its sole and absolute discretion. All alterations, additions, and improvements consented to by LICENSOR, shall comply with the following requirements:

9.1 LICENSEE shall provide LICENSOR with ten (10) days prior written notice before the LICENSEES construction commences so the LICENSOR can post Notices of Non-Responsibility;

9.2 Any such alterations, additions and improvements to the Facilities or Premises shall be made at LICENSEE'S sole cost and expense;

9.3 LICENSEE shall not change the general character of the Facilities or the Premises;

9.4 Any such alteration, addition, or improvement shall be made with due diligence, in a good and workmanlike manner with permits, and in full compliance with all

municipal, state and federal laws and building codes then in effect at the time. All work to be of a quality equal to or better than that of the existing building;

9.5 Any such alteration, addition, or improvement shall be promptly and fully paid for by LICENSEE, with no mechanics liens;

9.6 Any such alteration, addition, or improvement shall be made under the supervision of an architect, contractor or engineer reasonably satisfactory to LICENSOR and in accordance with plans and specifications and cost estimates approved by LICENSOR;

9.7 All work to be done in such a manner that it will not unreasonably disrupt the LICENSOR'S staff, members, guests, other users and visitors to the Premises;

9.8 LICENSOR shall have the right to inspect the construction while work is in progress;

9.9 At the conclusion of the construction, the LICENSEE shall deliver to LICENSOR mechanics' lien releases, a set of as-built plans, assignments of the warranties, a copy of the architectural and construction contract, and a certificate from the architect or contractor that the work was completed in accordance with the plans approved by the LICENSOR; and,

9.10 Any additions to or alterations of the premises, except movable Furniture and trade fixtures, shall become at once a part of the realty and belong to the LICENSOR.

10. Signs: LICENSEE shall not place or permit to be placed in, or upon the Facilities or within, without or adjacent to the Premises any sign or poster that (i) is not in compliance with the approved sign criteria standards attached hereto and incorporated herein as Exhibit "E"; and, (ii) which has not first received LICENSOR'S prior written consent to the design and proposed location of such sign or poster. Small temporary signs (i.e. signs relating to prices or service) which comply with the Exhibit "E" criteria and have a LICENSOR pre-approved location, may be installed without further approval, but shall be removed if requested by the LICENSOR.

11. Termination:

11.1 Upon LICENSEE Default. In the event LICENSEE fails to perform any material obligation or condition of this Agreement, LICENSOR shall notify LICENSEE of such default in writing. A copy of such notice shall also be mailed to LICENSEE pursuant to Paragraph 12. If the default is with respect to any payment required to be made by LICENSEE, LICENSEE shall correct such default within five (5) business days of receipt of the notice of default from LICENSOR. If the default is of a non-monetary nature, LICENSEE shall cure, or take all action necessary to begin immediately the curative process within ten (10) days of receipt of the notice of default. In the event LICENSEE fails to cure or begin curing the default within the time specified, or such greater period as LICENSOR may permit, LICENSOR shall have all rights accorded by law, including the right to terminate this Agreement. In the event

LICENSEE cannot perform its obligations under this Agreement because of a labor dispute involving LICENSEE employees, such non-performance will not be considered a default. However, in the event of a labor dispute, the LICENSOR may operate the Facilities until the labor dispute is settled to the extent permitted by law including those regulations governing the sale of alcoholic beverages. In the event that LICENSEE is unable to perform its obligations due to such labor dispute for more than sixty (60) days, the LICENSOR retains the option to terminate this Agreement upon an additional thirty (30) days written notice. Failure on the part of the LICENSOR to promptly notify LICENSEE of default in accordance with Paragraph 11.1.1 shall not be deemed a waiver by LICENSOR or LICENSOR'S rights on default of LICENSEE or any default at any subsequent time.

11.2 Other Basis For Termination. In the event a decree or order by a court having jurisdiction shall be issued (i) adjudging LICENSEE bankrupt or insolvent; (ii) approving as properly filed a petition seeking reorganization of LICENSEE under any section of the Federal Bankruptcy Code, as amended; (iii) ordering or approving the receiver, liquidator or trustee in bankruptcy for LICENSEE or its property; (iv) if LICENSEE shall institute proceedings to be adjudicated a voluntary bankrupt, or shall consent to the filing of any bankruptcy or insolvency proceedings against it; (v) if LICENSEE shall file a petition or seek reorganization under any state insolvency laws, or shall admit in writing its inability to pay its debts generally as they become due, or take any action in furtherance of any of the aforesaid purposes; (vi) if LICENSEE shall abandon this License Agreement, or (vii) the under statement by LICENSEE of any reporting of Gross Receipts for determination of Percentage Use Fees due hereunder by more than two percent (2%); then the LICENSOR may terminate this License Agreement and all rights of LICENSEE to operate thereunder.

11.3 Disposition of Alcoholic Beverage Licenses on Termination. In the event of a termination of this Agreement, either through termination of the terms, through termination for cause, or in the event of temporary cessation of LICENSEE'S ability to perform, LICENSEE shall sell and transfer any alcoholic beverage license in effect for the LICENSOR'S Facilities and/or Premises to the LICENSOR subject to approval of the Department of Alcoholic Beverage Control. Such transfer shall be effected immediately upon notice, with the LICENSOR having the right to repurchase said license for the same amount as paid by LICENSEE.

11.4 Post Termination Obligations. In the event that this Agreement is terminated upon default, LICENSOR may assume immediate control of the operation of the Facilities and all equipment installed on the Premises and LICENSOR may continue to operate the same, to the extent permitted by law, until satisfactory arrangements may be reached with LICENSEE concerning the default, or until LICENSOR shall obtain the services of another operator. During the period of operation by LICENSOR, LICENSOR shall be entitled to use all smallwares and equipment in and around the Facilities and the Premises and all supplies and inventory of LICENSEE on hand and LICENSEE shall not be entitled to any monies received from such operations, except for reimbursement of the cost of supplies or inventories utilized during such period, less any Guaranteed Minimum Monthly License Fees and/or any Percentage Use Fees that are owed by LICENSEE to LICENSOR at that time. Prior to any termination or expiration

of this Agreement, the parties agree to pay to each other, in full, all balances that may be owed to the other for any financial matters covered by this Agreement.

12. Notices: Any notices, reports or other communications, which may or must be given under this Agreement, shall be effective if personally delivered or if sent by certified mail, postage prepaid, and addressed to the LICENSOR or LICENSEE as set forth in the introductory paragraph to this Agreement, and either party may change its address for notice purposes by written notice to the other party at its then applicable address for such written notice.

13. Nature of Relationship: LICENSEE is engaged as an independent contractor under this Agreement, and nothing herein should be construed to create between LICENSOR and LICENSEE an employer-employee relationship, partnership or joint venture.

14. Destruction of the Facilities: If the Facilities shall, without fault of LICENSEE, be destroyed or be so damaged by fire or by providential means, as to become wholly or partially untenable, and if LICENSEE shall, by a writing delivered to LICENSOR within thirty (30) days after such damage or destruction, elect to have the Facilities restored, then the LICENSOR shall devote the insurance proceeds to restoring the Facilities within a reasonable time after such election, putting the Facilities in as good condition as they were at the time of destruction or damage; provided, however, that there shall be no abatement of the Guaranteed Minimum Monthly License Fee during the period that the Facilities are being restored and the LICENSOR'S obligation to restore is limited to the amount of such insurance proceeds and that the LICENSOR has no obligation to restore if the LICENSOR'S Board of Directors decides that they do not wish to have the Facilities restored for restaurant purposes, in which case, this Agreement shall be terminated immediately upon written notice from LICENSOR to LICENSEE of the Board's election. If for any reason the Facilities are not to be restored, LICENSEE shall deliver and surrender the Facilities to the LICENSOR and this Agreement shall terminate.

15. Taxes: LICENSEE agrees to pay prior to delinquency, any and all taxes and assessments validly levied or assessed upon the Facilities (real property) or its interest in any furniture, furnishings, fixtures and equipment in the Facilities or on the Premises.

16. Assignment: Neither party hereto may assign any rights hereunder or delegate any obligations created by this Agreement without the prior written consent of the other party, and any purported assignment or delegation without such written consent shall be void. LICENSEE shall not sublicense all or any portion of the Facilities.

17. General Provisions:

17.1 Payment of Expenses. Except as otherwise provided herein, each party hereto shall pay its own expenses incidental to the preparation, negotiation, execution and consummation of this Agreement (including outside auditors and attorneys) and shall not make a claim to the other party for reimbursement, whether or not the transaction is consummated.

17.2 Recovery of Costs. If any legal action or any arbitration or other proceeding, including any bankruptcy proceeding, is brought for the enforcement of this

Agreement, or because of an alleged dispute, breach, default, or misrepresentation in connection with any of the provisions of this Agreement, the successful or prevailing party shall be entitled to recover reasonable attorneys' fees and other costs incurred in that action or proceeding, in addition to any other relief to which it or they may be entitled. "Prevailing party" within the meaning of this section includes, without limitation, a party who agrees to dismiss an action or proceeding upon the other's payment of sums allegedly due or performance of covenants allegedly breached, or who obtains substantially the relief sought by it.

17.3 **Dispute Resolution.** The parties agree that in the event any dispute arising out of or related to this Agreement is not resolved in the ordinary course of business, the parties shall in good faith attempt to resolve the dispute through negotiation by their representatives who are at a higher level of management than those involved in the day-to-day administration of the Agreement. Accordingly, each party agrees that it may not commence legal action against the other with such dispute without first attempting to resolve the dispute in accordance with the following procedure:

A. Written notice of the dispute (Notice of Dispute) shall be issued to the other party. Such notice shall state the nature of the dispute, the issuing party's position, and the reasons supporting its position. The recipient shall, within fifteen (15) days of its receipt, issue a written response setting forth its position.

B. Within thirty (30) days of the receiving party's receipt of the Notice of Dispute, representatives of each party who have the authority to settle the controversy, and who are at a higher level of management than the persons with direct responsibility over the administration of this Agreement, shall meet, at a mutually agreeable time and place, to attempt to negotiate a settlement of the controversy. All negotiations pursuant to this clause will be confidential and shall be treated as compromise and settlement negotiations for purposes of the Federal Rules of Evidence and state rules of evidence.

C. **Arbitration.** If the parties fail to resolve the dispute within sixty (60) days of the recipient's receipt of Notice of Dispute, or if the parties fail to meet during an aforementioned thirty (30) day period, then the dispute shall be submitted to arbitration. Arbitration proceedings may be commenced by giving the other party written notice and proceeding in accordance with the rules and procedures of the American Arbitration Association. This arbitration shall take place before a single arbitrator in San Diego, California. The arbitration shall be governed by and subject to the applicable laws of the State of California (including Section 1283.05 of the California Code of Civil Procedure) and the then prevailing rules of the American Arbitration Association for the arbitration of commercial disputes. The arbitrator's award shall be final and binding and a judgment upon the award may be enforced by any court of competent jurisdiction.

D. Notwithstanding the foregoing, either party may file a complaint or seek equitable or other provisional judicial relief if, in its sole judgment such action is necessary to avoid irreparable damage or harm. If there is any litigation between the parties regarding this Agreement, the prevailing party shall be entitled to recover court costs and reasonable attorneys'

fees in addition to such other relief as the court may award. This paragraph shall survive the termination of this Agreement.

17.4 Consent to Jurisdiction. Subject to Paragraph 17.3, any legal action or proceeding arising out of or relating to this Agreement, or any transaction contemplated thereby, shall be instituted only in a state or Federal court of competent jurisdiction in San Diego County, California, and the parties consent to the jurisdiction of such courts.

17.5 Further Cooperation. Each party covenants and agrees to prepare, execute, acknowledge, file, record, publish and deliver to the other parties hereto such other instruments, documents, and statements, if any, and take such other action as may be reasonably necessary or convenient in the discretion of the requesting party to carry out more effectively the purposes of this Agreement.

17.6 Effect of Headings. The subject of headings of the paragraphs of this Agreement are included for purposes of convenience only, and shall not affect the construction or interpretation of any of its provisions.

17.7 Incorporation. All exhibits attached to this Agreement are incorporated by this reference.

17.8 Entire Agreement; Modification; Waiver. This Agreement, and Exhibits hereto, constitute the entire Agreement between the parties pertaining to the subject matter contained herein and supersede all prior and contemporaneous agreements, representations, and understandings of the parties. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing by all the parties. No waiver of any of the provisions of this Agreement shall be deemed, or shall constitute, a waiver of any other provision, whether or not similar, nor shall any waiver constitute a continuing waiver. No waiver shall be binding unless executed in writing by the party making the waiver.

17.9 Counterparts. This Agreement may be executed contemporaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

17.10 Parties in Interest. Nothing in this Agreement, whether expressed or implied, is intended to confer any rights or remedies under or by reason of this Agreement on any person other than the parties to it and their respective successors and assigns, nor is anything in this Agreement intended to relieve or discharge the obligation or liability of any third person to any party to this Agreement, nor shall any provision give any third persons any right to subrogation or action against any party to this Agreement.

17.11 Legal Authority. Each individual executing this Agreement on behalf of any corporation or other legal entity represents and warrants that he or she is duly authorized to execute and deliver this Agreement on behalf of said corporation or entity, and that this Agreement is binding upon said corporation or entity in accordance with its terms.

17.12 Amendment. This Agreement may only be amended by the written consent of all parties to this Agreement at the time of such amendment.

17.13 Binding Effect. This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective successors.

17.14 California Law. This Agreement is made and entered into in the State of California and shall be interpreted, construed and enforced in accordance with the laws of the State of California.

17.15 Construction and Severability. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be valid under applicable law. If any provision of this Agreement shall be invalid or prohibited by a court of competent jurisdiction, such provision shall be ineffective to the extent of such prohibition without invalidating the remainder of such provision or the remaining provisions of this Agreement.

17.16 Time of Essence. Time is of the essence in this Agreement and in each and all of its provisions.

17.17 Concurrent Remedies. No right or remedy conferred upon the parties to this Agreement is exclusive of any other right or remedy given hereunder, now or hereafter, existing at law or otherwise, and may be enforced concurrently or from time to time.

17.18 Subordination of Agreement. This Agreement is subordinate and subject to and limited by the agreement(s) and amendments thereto between the LICENSOR and the City of San Diego concerning the LICENSOR'S right to use and occupy the Premises.

17.19 Force Majeure. Neither party to this Agreement shall be held liable for failure to comply with any of the terms of this Agreement when such failure is caused solely by earthquake, fire, labor dispute, strike, war, insurrection, government restrictions, acts of God, or other force majeure beyond the control and without the fault on the part of the party involved, provided such party uses due diligence to remedy such default.

IN WITNESS THEREOF, the parties hereto have executed this Agreement on the date first written above.
